Past Hostesses share their experiences...
I ended up with a huge shopping spree with lots of free and half-price items and stocked my cupboard with delicious and nutritious products!
-Annitta, Mississauga, ON

I got to know the products from a friend who loves cooking, just like me. From my first bite, I knew Epicure would be part of my kitchen for good. Each product I use helps make me into a top chef for my family.
- Marie-Rose, Mirabel, QC

I have hosted at least 5 Epicure Parties. It's so simple; just invite friends, neighbours and co-workers for a fun social time to sample food. The reward is getting so many free products and specials! A few cut up veggies, fruit and crackers, and you're set for an evening of fun and rewards.
